

# Cool Kids CAMPAIGN<sup>®</sup>

## 2023 ANNUAL REPORT

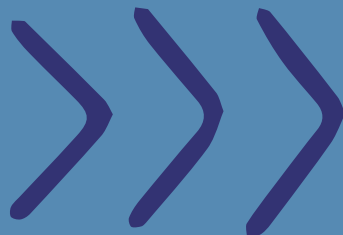

Our Mission is devoted to improving the quality of life for pediatric oncology patients, survivors and their families by focusing on the academic, social and emotional needs brought on by a cancer diagnosis.

Dear Supporters,

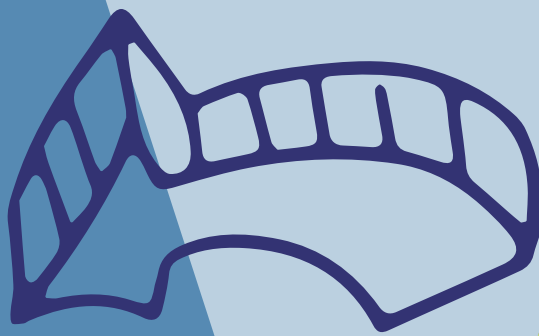

In this Annual Report, we will show you how great a year it was for Cool Kids. We are proud to announce that we increased participation in every program, providing academic, emotional, and social support to our cool kids.

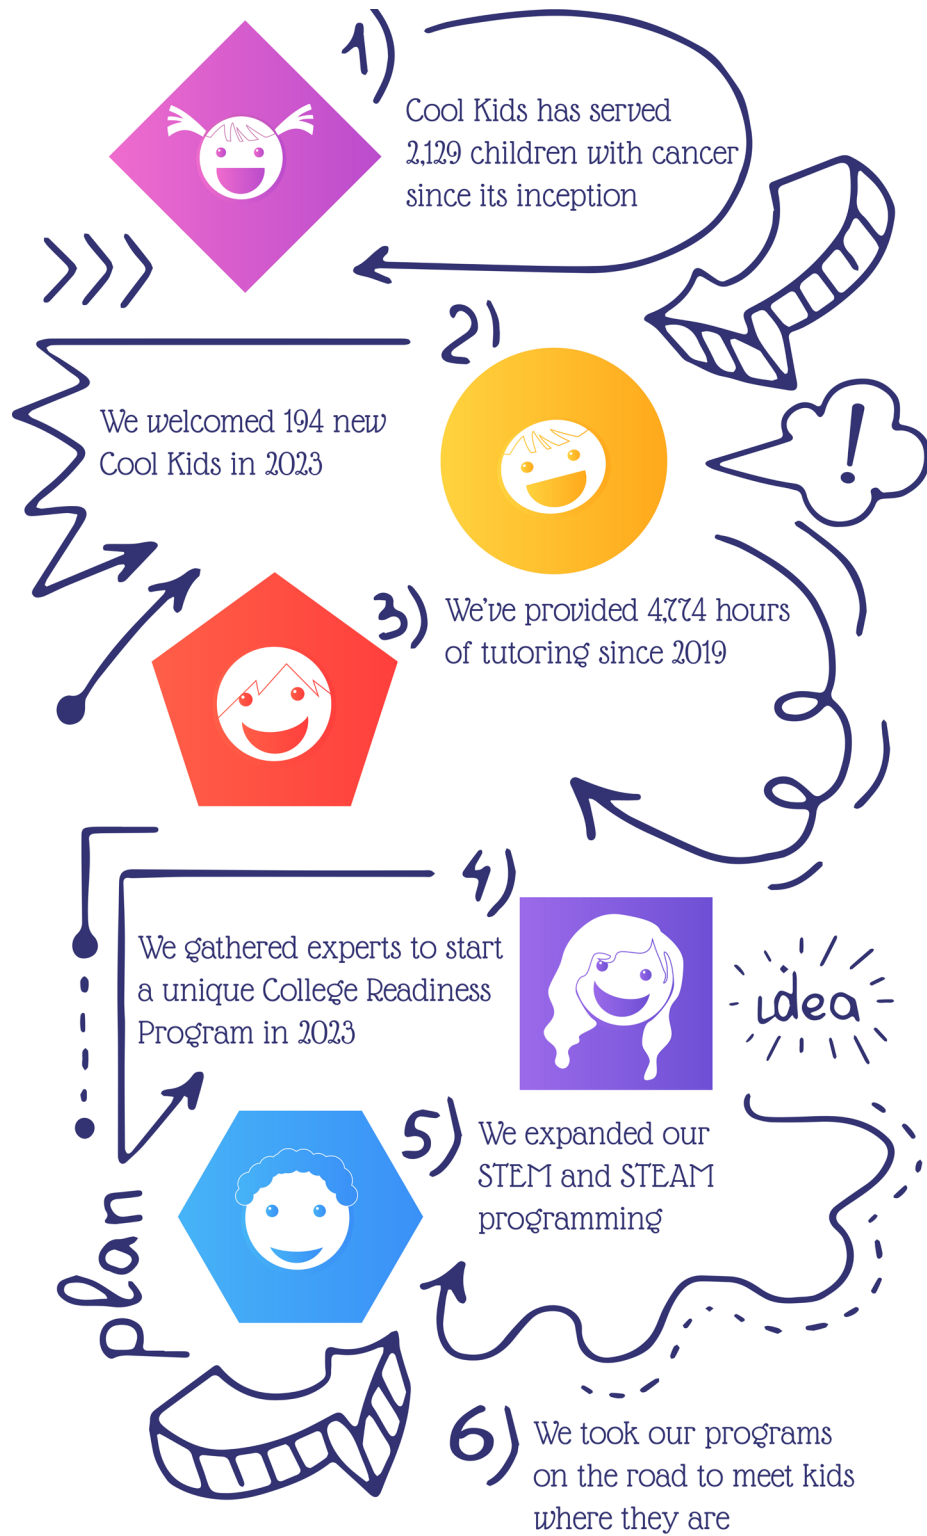

The testimonials you will read show how much these families genuinely appreciate all that we have to offer. If you are wondering how you can help, one of the easiest ways is to sign up for a monthly donation or be a sponsor for one of our events. Other ideas include legacy giving and helping us find grant opportunities. We always welcome volunteers to help with any program, event or activity. We understand everyone contributes in their own way, and our families are extremely grateful for your support.

*Chris Federico*

# WHAT MAKES US SO SPECIAL?

There are a number of fine organizations helping children with cancer, so what makes us stand out?

Well, we know of no other non-profit addressing the **Whole Person, Whole Family** and **Whole Journey** in quite the way we do.

## WHOLE PERSON

There is more to cancer than the physical aspects. Childhood cancer patients suffer higher rates of depression, anxiety, social isolation, learning challenges, college dropout rates and unemployment. Cool Kids provides free tutoring, college readiness support, confidence-building camp projects, therapeutic group activities, fun social events and more to help the child thrive.

## WHOLE FAMILY

A child's cancer diagnosis impacts the entire family. We include siblings in everything we do. We also offer caregiver support groups, a moms' retreat, dads' days out and opportunities for the entire family to just have fun together. Our vacation condos offer a place of respite where families can reconnect and grow stronger.

DONATE TODAY!

## WHOLE JOURNEY

A common misconception is that the cancer journey ends when treatment ends. Unfortunately, that is just not true. Chemo and radiation can have long lasting effects and many children will face long term challenges. Unlike many organizations, Cool Kids Campaign provides support throughout survivorship – **once you're a Cool Kid, you're always a Cool Kid**. Even if a family loses their child, they are forever members and are welcome to continue to use all of our free services.

...and we think all of that makes us pretty special, indeed. But don't just take our word for it, let's hear what our families have to say.

# CLUBHOUSES

Our Cool Kids Clubhouses serve families in the Mid-Atlantic and throughout the Carolinas. We also offer online programming that is available nationally.

DONATE TODAY!

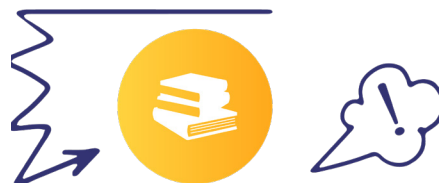

# FAMILY PROGRAMS

Cool Kids Clubhouse has been a blessing to our family. They plan fun activities that bring a lot of joy to our daughter who has been going through so much this year! All the staff and volunteers really go out of their way to get to know each family and spread positivity. We are very thankful for all the staff and volunteers at Cool Kids!

GABRIELLE, MOM OF AUBREY

we provided over 2500 hours of tutoring in 2023

Our Maryland and North Carolina Clubhouses **hosted 62 Family Programs** in 2023 – this included movie nights, Smile Celebrations honoring a birthday or treatment milestone; nutrition classes, camps, holiday events, support groups and much more! Our Cruisin' With Santa event alone **hosted 138 Cool Kids family members** and 75 volunteers. We also **provided 118 room decor kits** to area hospitals.

*"Thank you so much, Cool Kids Campaign and Brain Bodega, for 3 academic years of tutoring. Our son Ethan started tutoring at the beginning of his 3rd grade year and while in treatment for Pre-B Cell Acute Lymphoblastic Leukemia. Working with Brain Bodega was always a great experience. We greatly appreciated that they always worked hard to find the best match for our son. Because of the Cool Kids Campaign, Brain Bodega and the support of me and Khia, Ethan has excelled academically since being diagnosed. He's currently a 6th grader and is on the school Robotics Team. Ethan achieved Honor Roll and was nominated as the Most Improved 6th Grader last quarter. We are thankful that Ethan no longer needs tutoring, but grateful knowing that Cool Kids is there if we ever need the additional academic support."*

# CARE PACKAGES

*"I just wanted to take a minute to say thank you for the amazing care package! Phoebe was admitted to the hospital at the end of last week because she had a fever and is neutropenic so I just got a chance to sort through all of the mail today. All I can say is WOW!! You all went above and beyond anything I could have imagined and definitely paid attention to all of the little details! Your team nailed it and you all haven't even met our family in person yet!! I applied to Cool Kids because our social worker suggested it for the tutoring help. I am truly blown away by all of the support so far and we haven't even started the tutoring portion yet!"*

>>> We sent 215 care packages and birthday boxes in 2023

# VACATION CONDOS

*"I do want to tell you that I have wanted to go to Myrtle Beach since I was a little girl, it was on a movie that I loved. I lived in Texas and then Las Vegas so I never went. Well now that we live in Tennessee we have discussed going and we were going to plan a trip for this summer but then Brayden was diagnosed with the secondary cancer, and it would not be financially feasible, we decided that we would have to wait another year.*

*So, this truly is a dream come true and we are so grateful for the opportunity to be able to go. Also Brayden's favorite animal is a Turtle, and he loves the logo.*

38 families used our vacation condos in 2023
